Domestic Consumption of Opium

2301. DR. NARREDDY THULASI REDDY : Will the Minister of FINANCE be pleased to state :

(a) what is the annual domestic need of opium in the country and for what purposes it is being used;

(b) what is the target of domestic production of opium for the year 1992-93; and

(c) what are the detail of areas which have been given license to cultivate poppy ?

THE MINISTER OF STATE IN THE MINISRY OF FINANCE (SHRI RAMESHWAR THAKUR) : (a) During 1992-93, about 107 tonnes of opium is required in the country for manufacture of opiate alkaloids, opium cake, powder and for issue to State Government for the registered addicts of opium. Another 143 tonnes of opium is required for importing Codeine Phosphate and Narcotine B. P., against export of opium on barter basis.

(b) During 1991-92 domestic production of opium was 636 tonnes (Provisional) at 70°C. The production during 1992-93 is expected to be of the same order, subject to climatic and other natural factors.

(c) A Statement showing details of areas notified in the States of Madhya Pradesh, Rajasthan and Uttar Pradesh where opium poppy cultivation has been allowed during crop year 1992-93 is annexed.
